**STATEK CORPORATION ACHIEVES ISO CERTIFICATION STRENGTHENING
COMMITMENT TO THE MEDICAL INDUSTRY**

ORANGE, Ca., October 16, 2025 – Statek Corporation is proud to announce that it has achieved ISO 13485 certification, the internationally recognized standard for quality management systems in the medical device industry.

While ISO 13485 certification is not required for component suppliers, Statek pursued this achievement voluntarily as part of its ongoing commitment to quality, regulatory alignment and customer confidence. As a long-time, trusted supplier to major medical device manufacturers, the company views this certification as a natural extension of its dedication to excellence and industry best practices.

With this certification, Statek reinforces its position as a reliable, knowledgeable, and forward-thinking partner to the medical device industry.
